Stop #1 – Cal Poly State University

J. Lohr Center for Wine and Viticulture at Cal Poly

The visit to Cal Poly will consist of a driving tour of campus which will provide an overview of the many programs that are available. Stops at key units will include the Oppenheimer Family Equine Facility; Horticulture Greenhouse Complex; Irrigation Teaching & Resource Center; various campus orchards and crop lands; Animal Nutrition Center; Poultry Unit; Beef Cattle Evaluation Unit; Vineyards; and Avocado Orchards. Potential additional stops include the Tech Park (Strawberry Center and Grimm Family Center for Organics; Dairy and Creamery; Meat Processing Facility; and Justin & J. Lohr Center for Wine and Viticulture.

Cal Poly is among the 34 top public and private universities in the nation according to Money magazine's 2023 Best Colleges rankings. Its College of Agriculture, Food and Environmental Sciences boasts one of most prestigious undergraduate programs in the nation. At the heart of Cal Poly's educational experience is its renowned Learn by Doing methodology. As the Ag Tour will demonstrate, students have access to state-of-the-art laboratories in a broad variety of majors, from dairy science, meat processing, horticulture and more.

Oppenheimer Family Equine Facility

Stop #2 – Bien Nacido Estate

Bien Nacido Estate is the most single vineyard designated site in the world and the heart and soul of the Santa Maria Valley AVA. The tour will begin with a welcome at The Gatehouse at Bien Nacido, the estate's newly opened tasting room. Following an overview, Vineyard Manager, Chris Hammell, AFM, will lead the group on a tour of the expansive vineyards. Bien Nacido has been an acclaimed source of world-class grapes and estate wine since its founding in 1973 by brothers Stephen and Bob Miller. Chris will provide a look into the visions shared by the Miller brothers developing Bien

Nacido into one of the most coveted sources of cool-climate Chardonnay, Pinot Noir and Syrah in California if not the world.

Meaning "Well Born" in Spanish, Bien Nacido was planted on the historic site of the Rancho Tepusquet land grant, a plot of land that was granted to Tomas Olivera in 1837, when California was still a part of Mexico. The Olivera Family's adobe, built in 1857, still graces the estate today and will be the site of the tour's Santa Maria Style BBQ lunch where the history of Bien Nacido will be shared. The tour will include the opportunity to taste and purchase the famous wines of Bien Nacido for those who are interested.
